Hi, Steve & Jackie. This Awareness Notification went to Michal today. You'll see references to the SACC and conflicts of interest. Is there anything here that we want to be sure Michal knows? (This awareness notification doesn't change the response; it just allows us to prepare.)

Dear Ms. Freedhoff:

The following FOIA requests, assigned to your office, have been selected for the Awareness Notification Process (ANP), which is a process designed to ensure advance notice to EPA's Office of Public Affairs (OPA) and Office of Congressional and Intergovernmental Relations (OCIR) and others in the Administrator's Office when EPA records are being released under the FOIA. Selection of FOIA requests for ANP is made soon after the Agency received the requests, and this notice to you and others on copy in your office is to help them plan the FOIA response knowing that awareness notification will need to be provided to OCIR, OPA and OEX in the Administrator's Office before records are released. The full Awareness Notification Process is described in the attached former Chief of Staff's Memorandum. If you have any questions regarding this process, please feel free to reach out to Timothy R. Epp, Associate General Counsel for the National FOIA Office ([epp.timothy@epa.gov](mailto:epp.timothy@epa.gov) and 202-564-2830)

The FOIAonline tracking number(s) for the selected FOIA requests is/are:
